

Pain and Pleasure

There is a moment everyone experiences on the rack; a very brief snippet of time that lies between the insatiable want of a good stretch, one the whole body can use, and being pulled past the point of no return where nerve endings are a curse and time stands still.

It's that moment he holds on to now, as much as he can. It's all he has left. He wishes the screaming would stop, not realizing he is the source of it.
